Rob Rubens, Founder and Head Distiller  
R6 Distillery  
909 E. El Segundo Boulevard  
El Segundo, California 90245

Dear Mr. Rubens,

On behalf of Brilliant Corners, it is my pleasure to thank you for partnering on emergency relief efforts for Los Angeles County residents affected by COVID-19. Hand sanitizer is a simple, cost-effective defense against the virus for people experiencing homelessness and medical isolation and the frontline staff who serve this vulnerable population, but it was extremely challenging to source because of unprecedented demand. We could not be more grateful to R6 Distillery for prioritizing Brilliant Corners among your first-responder customers, and for sharing our commitment to do *whatever it takes* to address challenges by adapting your business to provide crucial resources for our community.

Brilliant Corners remains dedicated to the mission to provide supportive housing for people who need it. We believe housing is the cornerstone of health, well-being, and independence. Every day we help people who face seemingly insurmountable barriers to independent living because of a disability, mental health or medical condition, and we provide housing and services customized to ensure their success. Because when each individual has a corner of the world to call their own, our whole community shines.

With gratitude and well wishes for your team's sustained health and R6 Distillery's prosperous future,

A handwritten signature in purple ink that reads "William F. Pickel".

William F. Pickel  
Chief Executive Officer
